CALL FOR PAPERS

Special Issue for

The 2nd Sino-German Workshop on Optimization, Modeling, Methods and Applications in Industry and Management (2SGWO)

The Pacific Journal of Optimization (PJO) is devoted to publishing peer reviewed high-quality original papers on the theory, algorithms, software, and applications of optimization. PJO decides to publish a special issue for 2SGWO, which took place in Beijing on September 23-27, 2012.

We cordially invite 2SGWO participants to submit [original research articles](#) or [survey papers](#) on recent progress of some related areas to this special issue. A standard PJO peer-review process will be organized for each of the papers received to guarantee that the accepted papers are of the normal PJO quality. The topics of the special issue include but not limited to:

- Linear and Nonlinear Programming
- Integer and Combinatorial Optimization
- Stochastic Optimization and Dynamic Optimization
- Network Optimization
- Variational Inequality
- Optimization Modeling
- Applications of Optimization in Industry and Management
- Optimal Control: Theory and Applications
- Optimization Software

IMPORTANT DATES:

Submission deadline: **March 31, 2013.**

- Notification of acceptance: **October 30, 2013**
- Publication: **the first issue of 2014**

The authors are requested to submit the final version of the accepted paper in a standard latex file. The publisher will make the published version from the submitted latex files. Papers can be submitted to one of the following Guest Editors:

Prof. Yu-Hong Dai
Email: dyh@lsec.cc.ac.cn
Academy of Mathematics and
Systems Science
Chinese Academy of Sciences
China

Prof. Bingsheng He
Email: hebma@nju.edu.cn
Department of Mathematics
Nanjing University
China

Dr. Thorsten Koch
