Gene Golub Memorial Day 2018
International Workshop on Matrix Computations

Hangzhou Normal University, Hangzhou, P.R. China
April 20–24, 2018

The International Workshop on Matrix Computations --- Gene Golub Memorial Day 2018, will be held at Hangzhou Normal University, Hangzhou, P.R. China, during April 20--24, 2018 (Registration: April 20, Departure: April 24).

This workshop is dedicated to memorize Gene Golub (February 29, 1932--November 16, 2007), Fletcher Jones Professor of Computer Science at Stanford University, who was one of the preeminent numerical analysts of his generation.

It aims at bringing together former friends and students of Gene Golub, researchers interested in matrix computations, scientists, engineers, and graduate students to exchange and stimulate ideas from different disciplines, and at discussing the practical challenges encountered in numerical linear algebra and scientific computing.

Invited Plenary Speakers:

Feng-Shan Bai   (Tsinghua University, China)
Zhong-Zhi Bai   (Chinese Academy of Sciences, China)
Hua Dai   (Nanjing University Aeron Astron, China)
Walter Gander   (ETH Zurich, Switzerland)
Dan-Fu Han   (Hangzhou Normal University, China)
Yu-Mei Huang   (Lanzhou University, China)
Zheng-Da Huang   (Zhejiang University, China)
Franklin Luk   (Hong Kong Baptist University, China)
Galina V. Muratova   (Southern Federal University, Russia)
Jian-Yu Pan   (East China Normal University, China)
Zeng-Qi Wang   (Shanghai Jiaotong University, China)
Rui-Ping Wen   (Taiyuan Normal University, China)
Qing-Biao Wu   (Zhejiang University, China)
Jun-Shi Yang   (Zhejiang Gongshang University, China)
Jun-Feng Yin   (Tongji University, China)
Ju-Li Zhang   (Shanghai University of Engineering Science, China)

Scientific Committee:

Feng-Shan Bai   (Tsinghua University, China)
Zhong-Zhi Bai   (Chinese Academy of Sciences, China)
Walter Gander   (ETH Zurich, Switzerland)
